

Fluorescent lamps are **energy efficient**. They save money & reduce emissions to the air by reducing energy consumption. However, they do contain harmful mercury vapor. So...

# Recycle your fluorescent lamps Virginia!

**Don't trash  
fluorescent lamps.**

**Broken lamps can release  
mercury to the environment.**

**If your company is  
disposing of fluorescent  
lamps in regular trash, you  
may be in violation of state  
& federal regulations.**

**So just recycle them. It's  
the right thing to do,  
Virginia!**
